Work Experience

Corporate Trainer (Freelance)

Nelson Kok is a graduate from the Universiti Sains Malaysia, and holds a Master in Business Administration (MBA) and a B.Sc (Hons) degree in Physics. He has more than 24 years of work experiences, of which 17 years are in Training & Development related field, working with both multinational companies such as AT&T Consumer Products Pte Ltd, Corner Peripherals Sdn Bhd, Read-Rite (M) Sdn Bhd, and local companies such as Globetronics Technology Berhad, Amquest Sdn Bhd and GGN Solutions.

He now served as an associate consultant and a freelance corporate trainer to several training providers in Malaysia, China, Singapore & Sudan Africa. He has conducted many training programs for both multinational and local companies. He also served as a lecturer for several higher learning institutes such as Open University Malaysia (OUM), Society of Business Practitioners, UK (SBP), International Centre for Quality, Sudan. Throughout his career, he was a certified trainer for many management, quality and productivity programs such as *Performance Management System (PMS)*, *Managerial Decisions & Business Modeling*, *Managerial Statistics*, *Effective Leadership Skills*, *Train-The-Trainer*, *Total Quality Management (TQM)*, *Statistical Process Control (SPC)*, *Quality Control Circles (QCC)*, *Quality Improvements using 7QC Tools*, *7 Steps Problem Solving*, *5S Good Housekeeping*, *QIT*, *MRPII*, *ERP*, *Team Building Program*, *Effective Meetings Workshop*, *Effective Supervisory Skills*, *Communication and Leadership Skills*, *Problem Solving & Decision Making*, *Effective Time Management*, *Motivation At Work*, *Frontline Leadership Program*, and *7 Habits of Highly Effective People*. He has also conducted many quality audits and was directly involved in company's ISO 9001 and Quality Management Excellence Award (QMEA) certifications. Nelson's area of specialization is in helping organizations to achieve higher effectiveness and productivity using proven Management, Quality and IT tools and techniques.
